

# Student's **MOCK TEST** day Guide

**NO** I recieved the schedule and info

**YES**

## 1 READ YOUR EMAILS!

All the information and results will be sent to you via email. Please, read it carefully and **let us know any incorrections!**

## 2 ARRIVE EARLY!

Plan to arrive at the location **20minutes** before the scheduled start. **Check the address**, too!

## 3 SWITCH EVERYTHING OFF

All your electronic devices (mobile phones, smart watches, headphones) must be **switched off** and **hidden in your bag** during the mock exam.

## 4 DON'T FORGET TO SIGN YOUR TEST!

It is necesarry to **sign all materials**, especially the answer sheets that are being assessed. It will help us to mark your tests and distribute the results faster!

## 5 READING, USE OF ENGLISH AND LISTENING PARTS = USE A PENCIL!

Candidates use **regular pencil** for these parts. A pencil can be erased and the answers can be easily changed. **This is how it works at the real exam, too.**

## 6 WRITING PART = USE A PEN!

This part is written using a **pen** (*it can't be an erasable one!*) – a regular pencil might be hard to read when the materials are scanned for correction. This helps the process of correction and distribution of results. **This is also how it works at the real exam.**

## 7 THERE WILL BE TWO ANSWER SHEETS FOR THE WRITING PART!

During the Writing part, candidates will write part 1 and 2 **seperately**. In the second part, you will **choose one of the given options**. Please, **write the number** of the selected option in the square located on the second answer sheet.

## 8 DO NOT WRITE TOO MUCH!

Please, **stick to the given word count**. It is necessary for the entire writing part to **fit into the answer sheet**, so be careful not to cross out words and write outside the marked lines. You can NOT get another answer sheet if you run out of space.

## 9 FILL IN YOUR ANSWERS!

You can fill in your answers, write notes or underline in the exam materials. The only thing that will be evaluated is the **answer sheet**. Therefore it is necessary to **check the remaining time**, since all the answers **must be rewritten to the answer sheet**.

## 10 GIVE US THE MATERIALS BACK!

**All exam materials**, including written notes, must be **returned**. It is forbidden to take photographs or recordings of the materials.
